Author: Ryan Lowe

How could a spreadsheet best help a store manager keep a balanced budget?

Please choose only one answer:

- The store manager could use a spreadsheet to track expenses and sales by using columns to compare the totals for these two categories.
- A spreadsheet could enable the store manager to communicate with his superiors.
- By using electronic tracking, a spreadsheet could allow the store manager to compare the store's performance with that of other competing stores.
- A spreadsheet could enable the cashier to determine the number of customers the store receives.
