4.1.6. Social learning theory suggests that:

Author: Saylor Foundation

Social learning theory suggests that:

Please choose only one answer:

- we learn aggressive behavior much like we learn many other things, by watching other people do it and be reinforced for it.
- we learn not to be aggressive by being punished directly for our aggressive actions.
- watching someone else be punished for being aggressive has no effect on our own levels of aggression.
- aggression is innate, or something we are born with.
